Emare complex, located on the New Golden Mile between Marbella and Estepona

Exceptional South facing 3 bedroom apartment in the new and exclusive beachfront Emare complex, located on the New Golden Mile between Marbella and Estepona.

INFINITY SUNRISE has a build size of over 320m<sup>2</sup> + 80m<sup>2</sup> of terrace, making it feel more like a private villa rather than an apartment, and enjoys spectacular views of the Mediterranean. The latest technologies in home automation and design, and only the best building materials have been selected in creating the apartments that make up Emare. The luxury theme continues with the decorating of the apartment, where no expense has been spared on the furniture and fittings, creating a perfect blend of sophistication and comfort.

Situated on the first floor, the apartment opens onto a hall with a corridor to the 2 guest bedrooms on the left, the open plan kitchen and living room in front, and the doorway to the master bedroom on the right. All rooms have underfloor heating and centralized air conditioning, all of the bedrooms are en-suite and both guest bedrooms are similar in size and décor (one bedroom has 1 queen size bed, and the other has 2 single beds (can be joined to make a queen bed if requested)). The master bedroom enjoys access to a bespoke walk-in wardrobe, rainfall shower and Krion design bathtub, all of which, like the rest of the bedroom, has views over the terrace and sea beyond.
